

Meeting Minutes 11

Date: 11/3/11

Advisor meeting Start 4:40pm

- Discussed the non-disclosure documents
- Feedback for our presentation; our start needs improvement should introduce the project idea first
- Must try to pull more information from GE what they want from the application
- For next deliverable:
 - o Internal design: engineering analysis, decision matrix
 - o Start with the intro and problem statement
 - o Briefly discuss our concepts
 - o Include calculations for transducers
 - o plan the application
 - o will present the week of the Nov. 15
- must also have our website done and running by Nov. 17
- all deliverables must be posted on the website
- peer evaluations will be emailed soon
- we were provided an ultrasonic sensor for data testing it will be stored in Hobsapians office until we need it

End time 5:08pm
