

Meeting Minutes 7

Date: 10/12/11

Advisor Meeting Start 5:00

- Discussed next deliverable: Concept Design Presentation
- Todd will be sending us example P-V and P-T graphs
- Were informed that our names will appear in any patents obtained from this project
- We may revise previous deliverables
- Our concepts are going to revolve around P-V plots
- Told that the title page must be the same for each deliverable
- Our concepts for this presentation don't have to be complete (just ideas) divide them into categories and set up pros and cons for each, must be unbiased we cannot lean towards a particular idea at this stage
- GE will be sending disclosure statements for us to sign, the department will be helping us review these documents before we sign anything
