

Matlab Homework 0 (09/10/19)

Part 0a: Practicing Programming

NOTE: *PA: Participation Activity* and *CA: Challenge Activity*

WARNING: When you complete any PA or CA in the online book, you should see a colored banner. If you do not see one for a CA, be sure to press "refresh" on your browser (Firefox?). Or you will not get credit.

In the Online Book, do:

- 1.3 Matlab and the interpreter: all.
- 2.1 Variables and assignments: all.
- 2.2 Identifiers: all.
- 2.5 Numeric expressions: skip the stuff beyond CA 2.5.2.
- 3.1 Scripts: all except PA 3.1.4.

Part 0b: Solving Problems

Note: You should first try to read the relevant parts of the posted lessons before attempting these exercises.

From the Lesson Exercises, do:

- Lesson 0, exercises 1-3. (This is elective. We will do them in class.)
