

# Matlab Homework 3 (09/24/19)

## Part 3a: Practicing Programming

NOTE: *PA: Participation Activity* and *CA: Challenge Activity*

*WARNING:* When you complete any PA or CA in the online book, you should see a colored banner. If you do not see one for a CA, be sure to press "refresh" on your browser (Firefox?). Or you will not get credit.

In the Online Book, do:

- 4.2 Row arrays: complete the section.
- 4.3 Constructing row arrays: complete the section.
- 18.1 Interpolation: skip the stuff beyond CA 18.1.1.

## Part 3b: Solving Problems

Note: You should first try to read the relevant parts of the posted lessons before attempting these exercises.

From the Lesson Exercises, do:

- Lesson 2, exercises 1-5.
