Matlab Homework 5 (10/01/19)

Part 5a: Practicing Programming

NOTE: *PA: Participation Activity* and *CA: Challenge Activity*

WARNING: When you complete any PA or CA in the online book, you should see a colored banner. If you do not see one for a CA, be sure to press "refresh" on your browser (Firefox?). Or you will not get credit.

In the Online Book, do:

- 4.7 More indexing: PA 4.7.1 only.
- 4.11 Column arrays: all.
- 7.1 2D arrays - Introduction: skip the stuff after PA 7.1.4.

Part 5b: Solving Problems

Note: You should first try to read the relevant parts of the posted lessons before attempting these exercises.

From the Lesson Exercises, do:

- Lesson 3, exercises 4-6.
