

# Engineering Entrepreneurship Kickoff Event!

SATURDAY, APRIL 20 at the Challenger Learning Center

(½ Day Workshop, Breakfast & Lunch Provided)

## FOR:

- **Students** who would like to help start up a venture to develop or commercialize a real engineered product, esp. if you are:
  - An engineering or CS student taking SENIOR DESIGN in 2013-14 (your new venture = your Senior Design project!)
  - Or other students who've taken/will be taking a course in entrepreneurship and/or technology commercialization
- **Faculty members** who have product ideas that are ready for commercial development (no longer in the research stage)
- **Industry representatives** who would like to partner with students & university in new product-development ventures
- **Investors** (angel/VC) who might be interested in providing seed funding for such ventures

## TO:

- Present Your Venture Ideas/ Hear Others' Ideas
- Learn About Entrepreneurship & Funding Sources
- Meet & Talk with Potential Partners / Teammates
- Form a Team to Start a Company & Apply for Grants
- Define Your Own Senior Design Project for 2013-14

To attend, you must fill out the form at <http://ta.gd/kickoff> and email it to M. Frank <[mpf@eng.fsu.edu](mailto:mpf@eng.fsu.edu)> by Fri. April 5th
