

Krzysztof Cichocki, PhD
Chair of Structural Mechanics
Civil and Environmental Engineering Department
Technical University of Koszalin
POLAND

CURRICULUM VITAE

DATE OF BIRTH: May 18th, 1955
PLACE OF BIRTH: Lubawa, Poland
CONTACT ADDRESS: Technical University of Koszalin
ul. Sniadeckich 2
75-453 KOSZALIN
POLAND
tel. (0048-94) 3478566
email: krzysztof.cichocki@tu.koszalin.pl
HOME ADDRESS: ul. Sanatoryjna 11
75-647 Koszalin
POLAND
tel. (0048-94) 3405429
EDUCATION: Institute of Civil Engineering
Technical University of Koszalin, Poland
(October 1975 - December 1979)

ACADEMIC QUALIFICATIONS:

Degree	Date	Institution
M.Sc in Civil Engineering	1979	Institute of Civil Engineering Technical University of Koszalin,
Ph.D	1989	Civil Engineering Faculty, Gdansk Technical University

LANGUAGE AND DEGREE OF PROFICIENCY:

English - Fluent speaking
Italian - Fluent speaking
Russian - Technical reading knowledge

EMPLOYMENT RECORD:

January 1979 - February 1981	Employed in Technical University of Koszalin , Structural Mechanics Department, as an Assistant
February 1981 - December 1989	as above, Senior Assistant
January 1990 - present	as above, Assistant Professor
October 1993 - October 1997	Head of the Faculty Computer Centre
November 1994 - June 1996	Vice Dean of Civil and Environmental Engineering Faculty, Technical University of Koszalin

RESEARCH EXPERIENCE:

October 1984 - June 1985	On the leave at Gdansk Technical University. Preparation for a doctoral dissertation at the Faculty of Civil Engineering. The title of the dissertation was "The dynamics of long-span structures under kinematic excitation from a subsoil". It was presented and accepted in December 1989 at the Civil Engineering Faculty, Technical University of Gdansk.
January 1992 - August 1992	Scholarship at the Technical University of Milan, Italy (<i>Structural Engineering Department</i>) in Prof. Giulio Maier research group. Investigations on the computer analysis of dynamic response of sandwich structures due to underwater explosions and other impulsive loading. Results of entire research were published in appropriate Technical Report and presented in papers and articles.
October 1992 - June 1993	On the leave at the Technical University of Milan, carrying out former topics with cooperation with SNAMPROGETTI Milan. As above, results were also presented in papers and articles.

- August 2001 - November 2002 Postdoctoral contract at the FAMU-FSU College of Engineering (Tallahassee, USA). Study on trajectories of vehicles traversing the street curbs, commissioned by Florida Department of Transportation, and performed in the *Crashworthiness and Impact Analysis Laboratory* under supervision of prof. Jerry W. Wekezer. Final Report " Vehicle Trajectories Resulting from Traversing Florida DOT Curb".
- February 2005 - December 2005 Postdoctoral contract at the FAMU-FSU College of Engineering (Tallahassee, USA). Study on crashworthiness of paratransit buses, commissioned by Florida Department of Transportation. Final Report "Crashworthiness and Safety of Public Transit Buses".

MEMBERSHIP OF SCIENTIFIC AND PROFESSIONAL SOCIETIES:

Polish Academy of Sciences, The Committee of Civil Engineering and Hydroengineering, Section of Structural Mechanics and Materials

EUROMECH - European Mechanics Society

PTMKM - Polish Association for Computational Mechanics

PZITB - Polish Union of Civil Engineers and Technicians

EDITORIAL BOARDS

Advances of Transportation Studies, Rome
